KADI PAP!

A WORLD OF INSTANT EXPECTATIONS

APPLICATION

KadiPap! Is an innovative, secure, cost effective Instant Issuance solution that enables financial institutions to issue payment cards to new and existing customers instantly.

Key solution highlights include:

- Easy to implement and manage
- Supports both EMV and non-EMV cards
- Provides comprehensive reports and monitoring tools that are critical for timely action and planning purposes
- Provides optional means of capturing customers bio data i.e fingerprints or photo
- Automates the entire process of issuing cards and PIN numbers
- Improves satisfaction levels and customer loyalty
